Subject: Cleaner and Greener Waste Schedule Consultation 2026/27

Good afternoon, Councillors,

As you may be aware, the Cleaner & Greener initiative was launched last year. A programme of works was created to ensure all wards were cleansed twice during the financial year. All work for the 2025/26 Cleaner & Greener cleansing schedule will be completed by the 3rd April 2026.

We are now opening consultation on preferences for the Waste Department's cleansing schedule in the period between 6th April 2026 and 20th September 2026 for the first ward cleanse of the financial year.

If you have any preference as to which week your ward will receive a cleanse, please reply to this email. We will do our best to accommodate every request, but operational feasibility will take priority.

Please submit your requests by this Friday 13th March 2026. If no response is received, wards will be allocated a week to best fit operational needs.

Kind regards.

Dani Round
